NOVA

SUPPORT VICTIMS. STOP VIOLENCE.

Dear Friends and Supporters,

As we reflect on fiscal year 2023, we are filled with gratitude and a deep sense of purpose. FY23 has been a year of resilience, growth, and unwavering commitment to our mission at NOVA. We have achieved much, and we are pleased to share with you the progress and impact we've made, thanks to your steadfast support.

In the past year, NOVA has continued to provide hope and healing to victims of crime through a comprehensive range of services. Our dedicated team of 95 staff and more than 80 volunteers work tirelessly to provide services to more than 3,000 victims and their families, and helped thousands more learn the steps to prevent violence through our prevention, education and training programs.

NOVA's services to clients include but are not limited to:

- forensic nursing services in five of our local hospitals
- child-centered forensic interviews held in the Children's Advocacy Center
- counseling for victims and family members
- victim advocacy, walking hand-in-hand with survivors through the criminal justice system

Each of us at NOVA takes pride in our commitment to excellence and to remain at the forefront of state-of-the-art victims' services. Furthermore, our Prevention Education initiatives in local schools and professional training through the NOVA Training Institute empower communities to prevent violence and foster safer environments. Preventing violence is a cornerstone of our work; by

raising awareness and building resilience, we help create a society free from victimization.

Looking ahead, we are excited that NOVA will honor its 50th anniversary in 2024.

This milestone offers us an opportunity to reflect on our journey and the impact we've had on the lives of countless individuals. We invite you to join us in commemorating this significant moment as we embark on the next chapter of services to people across Bucks County.

To learn more about the results of specific programs and services NOVA offers, please refer to the sections outlining our initiatives and achievements. We invite you to join us in our mission and encourage you to explore ways to get involved and support our ongoing efforts. Your support is crucial to ensure that NOVA continues to serve as a beacon of hope and healing for victims and a catalyst for positive change in our community.

As we mark our 50th year, we are inspired by the progress we've made and the lives we've touched. Together, let's build on that foundation and work towards a future where every individual is free from the impact of crime. Thank you for being an integral part of the NOVA family.

Looking Back on

NOVA's 50 Year History

In 1974, a small group of Bucks County women ignited a spark of righteous anger to combat the issue of sexual assault. At the time, survivors of sexual assault and other violent crimes had little to no resources for support. Failures in our justice system made new cycles of trauma inevitable.

But thanks to a few brave voices, hope was on the horizon.

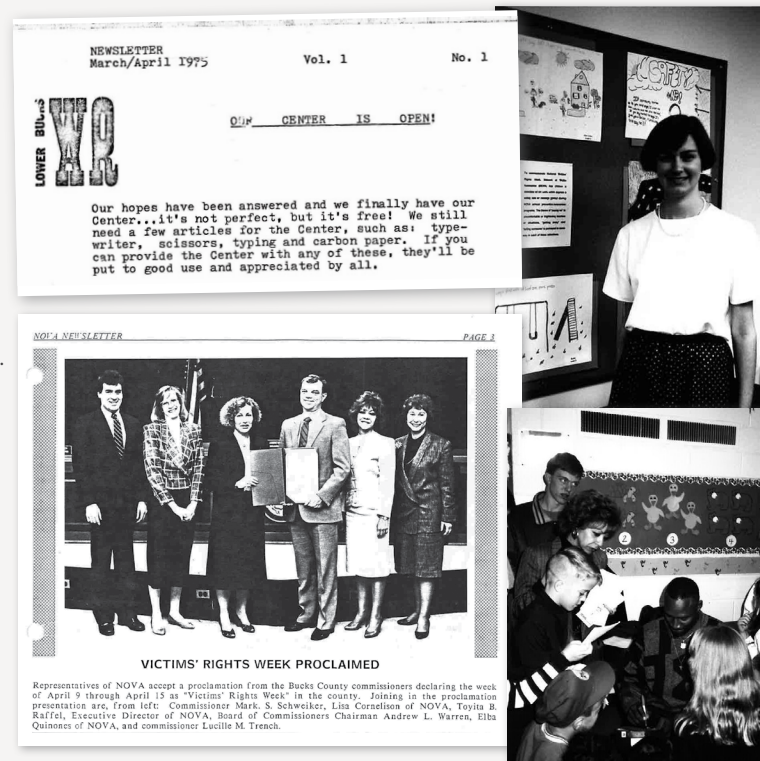

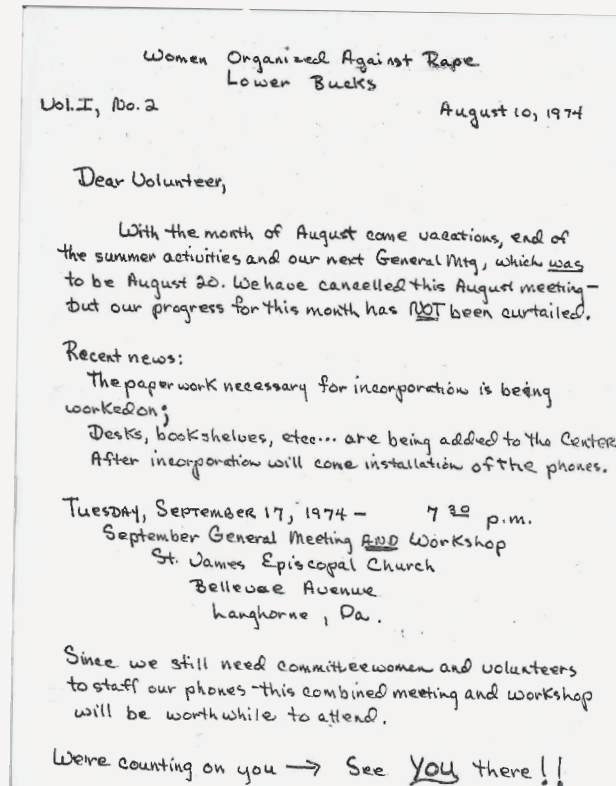

Honoring 50 Years of Service to Victim-Survivors Across Bucks County

Described by some as a "little army," the founders formed as Women Organized Against Rape (W.O.A.R.), the first and only rape crisis center in Bucks County. They met around dining room tables and in church basements, fueled purely by desires for justice, compassion, and awareness around the issue of sexual violence.

In its second year, W.O.A.R. began to offer prevention education programming to local schools, giving students across the region essential tools to recognize signs of violence and victimization. In the early 1980's, when the federal government turned its attention to a wider range of serious crimes, W.O.A.R. expanded to become Network of Victim Assistance (NOVA), the county's comprehensive victim services organization.

NOVA quickly became a mainstay of the local community, but its impact is recognized far beyond the confines of the county. Through the decades, NOVA has stayed on the forefront of victim services and violence prevention, becoming a model of innovation and excellence.

In addition to serving over 100,000 individuals, NOVA has always stepped up in times of collective crisis, from supporting families affected by the September 11 terrorist attacks to addressing the uptick in child abuse and violent crime during the COVID-19 pandemic. Reflecting on the past five decades, NOVA's partners and supporters describe the organization as a sought-after resource in the local community and beyond.

The flame lit by NOVA's founders has grown into a steady beacon of hope for survivors, their families, and the community as a whole. Today, when a person in crisis calls NOVA's helpline, they are met with immediate support, which can take the form of medical care, professional counseling, advocacy in the criminal justice system, and other services to set them on a path toward healing. On a community level, NOVA's prevention education efforts — which reached nearly 30,000 individuals in Fiscal Year 2023

alone — have been a constant presence in local schools, businesses, faith-based organizations, and other groups, offering tools that build critical thinking skills, respectful interpersonal boundaries, and healthy relationships.

NOVA has always envisioned a future where no one is victimized, but until that day, it will continue being an unmistakable voice against violence and a critical support system for survivors.

We greatly appreciate each gift given in support of NOVA from July 1, 2022 through June 30, 2023, and we have made every effort to ensure the accuracy of this listing. NOVA Thrift Shop's Cycle of Good in Bucks County

If you've stopped by NOVA's Thrift Shop on Route 313 in Perkasi, you know what a special place it is.
 To new visitors, it's an unexpected treasure trove.
 To long-time customers and volunteers, it feels like home.

What might not be obvious, though, is the critical role the thrift shop plays in NOVA's mission. As the organization's third largest revenue source, the thrift shop is an essential source of funding for the mission – in the 2023 fiscal year alone, it brought in almost \$1.2 million to support NOVA's programs and services. Since opening in 2001, the Thrift Shop has earned a reputation that reflects the culture of the larger organization, where everyone is united by a commitment to do good. Shopping, donating, and volunteering at NOVA Thrift Shop are all rewarding ways to support NOVA's mission, supporting prevention efforts and making a real difference in the lives of survivors across Bucks County.

"NOVA was life changing for me. I will forever be *grateful* for the help and guidance... my counselor has helped me to change my life for the best."
